**Member Dues**

(Check the appropriate category below.)

- Producer Members:** Annual dues are calculated on prior year production of oil and gas (as reported to California Division of Oil, Gas & Geothermal Resources) at \$0.05616 per barrel of crude oil and \$0.007488 per mcf natural gas. Minimum Dues = \$615; Maximum Dues = \$50,000\*. (Multiply your barrels/mcf produced yearly by the charge per barrel or mcf. e.g.: 40,000 bbl x \$.05616 = \$2,246 dues and 85,000 mcf x \$.007488 = \$636 dues) \*Dues that calculate to more than \$50,000 per year fall into a special tiered dues structure. Please call CIPA for complete details and dues calculations.
