

CIPA'S INAUGURAL MIDYEAR MEETING

Where California Energy and Regulatory Leaders Solve Problems

October 12-13 • Bakersfield

Held in Bakersfield, the heart of California's oil-producing region, CIPA's inaugural Midyear Meeting brings together the people who produce California energy and the agencies that regulate it. No other event offers this level of direct access to CalGEM leadership and representatives from the many state, local, and federal agencies that influence oil and natural gas operations.

Monday, October 12:

Board Meeting – Open Session

11:00am to 12:30pm, DoubleTree Bakersfield

All CIPA members are welcome to attend the Open Session. Hear the latest updates on CIPA's priorities, including pending legislation, lawsuits, permitting, bonding, and other important issues. Come and see how CIPA is fighting for the future of California's oil industry.

Regulatory Summit

1:30pm to 5:00pm, DoubleTree Bakersfield

With more than 30 California regulators in the room with us, the Summit provides a rare opportunity to engage in meaningful dialogue and identify solutions to the challenges created by California's complex regulatory landscape. P&A standards, CARB 1137 monitoring plans, bonding, permitting, UIC program, and more are on the agenda.

Tuesday, October 13:

34th Annual Fall Classic Golf Tournament

10:00am to 5:00pm, Bakersfield Country Club

Put in a couple hours at the office, then join us for our annual Fall Classic, where the oil producing community comes together in a more relaxed setting. All levels of players are welcome for this fun scramble-style tournament. Registration includes contest holes, a boxed lunch, and the awards dinner.
