

CIPA'S ANNUAL REGULATORY SUMMIT and GOLF CLASSIC

Where California Energy and Regulatory Leaders Solve Problems

October 12-13 – Bakersfield

Held in Bakersfield, the heart of California's oil-producing region, CIPA's Annual Regulatory Summit & Golf Classic brings together the people who produce California energy and the agencies that regulate it. No other event offers this level of direct access to CalGEM leadership and representatives from the many state, local, and federal agencies that influence oil and natural gas operations.

Monday, October 12: Regulatory Summit

1:30pm to 5:00pm

DoubleTree Bakersfield

With more than 30 California regulators in the room with us, the Summit provides a rare opportunity to engage in meaningful dialogue and identify solutions to the challenges created by California's complex regulatory landscape. P&A standards, CARB 1137 monitoring plans, bonding, permitting, UIC program, and more are on the agenda.

Tuesday, October 13: Golf Classic

10:00am to 5:00pm

Bakersfield Country Club

Put in a couple hours at the office, then join us for our 34th annual Fall Classic, where the oil producing community comes together in a more relaxed setting. All levels of players are encouraged to participate in this fun scramble-style tournament. Registration includes contest holes, a boxed lunch and the awards dinner.

Who Can Attend?

Employees of CIPA member companies are invited to attend the Regulatory Summit at no cost.

The Golf Classic is open to anyone in the oil & gas community and requires a registration fee:

- CIPA Member Golfer: \$225
- Non-Member Golfer: \$240

Not sure if you're a CIPA member? Contact Laura Wilkin (lwilkin@cipa.org) to find out.
